## **In Search of the Future — A Tour of Discovery in Hungary, Romania and Bulgaria**

**July 28 to August 20, 2018**

with **Sarnia Guiton**

Anthroposophy was planted in these Eastern European countries early in the last century. Communism kept it underground prompting it to grow strong roots. At the end of that era, it grew strong and firm above ground and blossomed with joy that it could now be free. We have known none of that in the West.

We will carry the awareness that the Slavs will lead the way in heart-thinking anthroposophy in the future. On this tour we will explore what has been happening anthroposophically in Eastern Europe in the last 25 years, and what we have to contribute or to bring back home from our experience.

**Hungary:** Tour Budapest and visit a new initiative nearby, a Waldorf farm-school developing new social ways of working together - four days at Hamor Waldorf School in Miskolc, that traditionally offers an annual international family summer camp - will extend to us Hungarian arts and crafts, cooking traditional dishes, folk music and song and dance as well as the more typical Waldorf activities, providing an opening to a view of global Waldorf education.

**Romania:** Visits to the famous Painted Churches and Monasteries of Bucovina with Alina Serbu, an anthroposophical guide – an anthroposophical biography workshop the Romanian way with George Oprea – explorations of the spirituality of Romania and spiritual ecology in nature with well-known anthroposophist, Dirk Kruse.

**Bulgaria:** Connect with the work of Peter Deunov, a contemporary of Rudolf Steiner and recognised by him – attend the Paneurythmy Festival in the Rila Mountains – hiking with a Bulgarian who worked with Boyan Boev, whom Steiner re-directed back to Peter Deunov.

Accommodation will be varied; in local traditional hotels, Communist era hotels and a mountain chalet.
